Oculus VR

Oculus Rift is a discontinued line of virtual reality headsets developed and manufactured by Oculus VR, a division of Meta Platforms, released on March 28, 2016.

The Rift saw its commercial release in March 2016 with the Rift CV1, which was discontinued in March 2019 with the release of its successor, the Oculus Rift S

The division produces virtual reality headsets, including the Oculus Rift and Oculus Quest lines.

Apple iPhone

The iPhone is a line of smartphones designed and marketed by Apple Inc.

These devices use Apple's iOS, which is a simplified and optimized version of macOS for operation on a mobile device.

Hybrid cars

A hybrid vehicle is one that uses two or more distinct types of power, such as submarines that use diesel when surfaced and batteries when submerged.

Other means to store energy include pressurized fluid in hydraulic hybrids.

YouTube

YouTube is an American online video sharing and social media platform headquartered in San Bruno, California.

It was launched on February 14, 2005, by Steve Chen, Chad Hurley, and Jawed Karim.

Owned by Google, it is the second most visited website, right after Google itself.

ReWalk

ReWalk is a commercial bionic walking assistance system that uses powered leg attachments to enable paraplegics to stand upright, walk and climb stairs.

The system is powered by a backpack battery, and is controlled by a simple wrist-mounted remote which detects and enhances the user's movements.

Google Glass

Google Glass, or simply Glass, is a brand of smart glasses—an optical head-mounted display - just above the right eye, with a camera capable of recording high quality video - designed in the shape of a pair of glasses.

It was developed by X (previously Google X) with the mission of producing a ubiquitous computer.

Wearers communicate with the Internet via natural language voice commands

Facebook

Facebook - allows you to create a profile with and without a photo and information about yourself, invite friends, exchange messages with them, change your status, leave messages on your own and someone else's "walls", upload photos and videos, create groups.
